

## *Prevent graffiti from defacing your building...*

We also offer special films and coatings that go on the outside of your exterior windows that protect the glass from graffiti. It gives your windows a strong first line of defense against paint, gouging, scratching and even acid etching. And if damage does occur, then you simply replace the film for a fraction of what you would spend on a new window.

**Anti-Graffiti Window Film** — is an optically clear, distortion-free film for windows, mirrors and other surfaces. In the U.S., the annual costs of graffiti abatement programs is estimated at \$10 to \$12 billion....

### *Anti-Graffiti Solution...*
